VIRGINIA JENKINSON

Next week the NEWS will start a new feature, "Know Your Merchant," introducing local merchants and businessmen in new roles. We are going to attempt to give you little personal glimpses with the emphasis on the human interest aspects of the people you do business with every day. Sewall Clark, former editor of the NEWS, will do the biographical sketches and Bert Embree will do the pictures. We hope you'll like them.

Your response to the squib written in this space last week on the subject of lemonade stands was interesting. We learned from the many persons who talked to us about it, that the little stands so dear in memory to us, have not vanished. The major change seems to be in the price. We are informed that currently the price is two or three cents instead of the penny of yesteryear.

Mrs. M. J. Scoville, 272 West Grandview, says that her children, Eddie and Marjorie, caused her some embarrassment when they set up a lemonade stand while sugar was rationed during World War II. On that particular day, Mrs. Scoville was ill and in bed and did not know that her two angels had gone into business until one of her neighbors came running over to ask her if she were patronizing the sugar Black Market. She assured her visitor that she was not getting any illegal sugar, but that the children had taken it without her knowledge. She says that's one lemonade stand she won't forget. Eddie and Marjorie are now 18 and 20—they probably haven't forgotten it either.

Around the Square

By VERA H. LUMBARD

News that the VFW will soon forsake the little Old Adobe clubhouse at 37 E. Montecito for roomier headquarters in a sleek contemporary building to be built across the street, causes old-timers to recall nostalgically the days when the Old Adobe was used for curing lemons.

Ammi D. Hawks, fruit rancher, built the windowless Adobe brick building just at the turn of the century adjacent to his little wooden packing house, now the Washamut.

His daughter, Miss Daisy Hawks, bears out the story that Mr. Hawks was a mighty particular packer and even the oranges, tangerines and lemons that he culled were quite desirable. It was his custom and a never-failing source of amusement to him to place the culls in boxes at the rear of the building where they could be conveniently "swiped" by high-spirited passengers aboard the Pacific Electric cars when the cars paused there!

The Old Adobe has had a variety of tenancies since those days. It has been a restaurant, Alfred J. Dewey's art studio for many years, and a pottery plant and now VFW headquarters.

When the Philip T. Mitchells and daughters, Donna and Linda, returned from vacation at Hot Creek Ranch, near Lake Crowley their car had four new, demanding and spoiled passengers—four baby robins found in an abandoned nest.

The Mitchells made five extra stops enroute home to spoon water, bits of raw hamburger and bananas into the gaping mouths. Earlier diet was pabulum which, like all babies, the infant robins got "all over themselves," and had to be sponged off by their solicitous foster-mothers, Donna and Linda.

BUILDING IN '54 VALUED AT \$658,803; SEE UPSWING

Construction valuation in Sierra Madre for the second quarter of 1954 and the total for the year to date are considerably under those for the same periods a year ago, according to permits issued by City Building Inspector William R. Lees. However, he expects an upswing within the next few months with construction of new bank and library buildings and possibly two new subdivisions scheduled for this summer.

Permits issued in April, May and June of this year covered construction valued at \$254,361, bringing the 1954 total through June to \$658,803. Totals the same periods last year were \$431,899 for the quarter and \$715,512 for the year through June.

April, 1954, Highest

Of the three months in the 1954 second quarter, April showed the highest construction figure, \$138,264. May total was \$44,712 and June, \$71,885. Totals for these months last year were: April, \$100,225; May, \$138,550, and June, \$193,124.

Construction was started on 10 units valued at \$98,050 last month. Building permits for the month of June this year were issued as follows: W. S. Johnson, 200 S. Mountain Trail, add screen porch, \$250; Mrs. Helen Keating, 38 W. Sierra Madre Blvd., alterations to store building, \$500; Baker Construction Co., build swimming pool at 158 Oak Meadow, \$3000; Mrs. Edith M. Askew, 115 N. Baldwin, asbestos siding of dwelling at 359 W. Sierra Madre Blvd., \$500; Thomas J. Dean, 209 W. Laurel, re-side dwelling, \$650; H. L. Warriner, Eagle Rock, erect dwelling at 503 W. Mintecito, \$17,000; E. Alonso, 269 E. Laurel, erect temporary dwelling, 259 E. Laurel, \$300; N. Seaholm, 391 W. Grandview, add room, \$300;—Turn to page six

Demos Invite Candidate Quiz at Picnic

"Meet, know and question the candidates who ask you for votes, then vote as your conscience dictates."

That is the slogan of the Sierra Madre Democratic club in sponsoring a picnic in Sierra Madre Villa park the afternoon and evening of Saturday, July 10. William Roskam, candidate for Congress, and Peter Hazell, candidate for Assembly, will be there to meet people and answer any questions they may wish to ask.

A barbecue supper will be served at 5:30.

"We feel it is the duty of every true American to meet and form his own opinions of the integrity and ability of those seeking office, when he has the chance," Kurt Mueller, president of the club, said yesterday. "We are distressed by the fact that in recent years people will not take the trouble to meet and question those whose acts, after election, may tremendously influence the welfare of our state and nation. But we expect this picnic to be a success because it will permit those who make reservations to escape the task of cooking a meal that evening. We also hope many families will make it a family affair, bringing the children, for whom swings and some playground equipment are provided."

Little Coast League Play Starts Second Games Here Tomorrow Night

Second games on the Little Coast League overhand ball schedule here this summer will be played tomorrow night when "Hollywood" meets "Oakland" on the City school ball diamond and "San Diego" faces "Sacramento" at the Mesa school site, Canon and Highland avenues.

First games on the schedule were to be played last night, results to appear in next week's issue of The NEWS. Scheduled games start at 6 p.m., following a half-hour warm-up period.

Organized by Parents

Making its first appearance in Sierra Madre this summer, the league, patterned after that of the Los Angeles City Recreation department, has been brought about by a steering committee of parents including Harry Howard, Neil K. Yarnell, James Burke, Frank Simon and Mrs. Arthur C. Bohart.

It was first thought that the

Also, H. R. Botello, 600 E. Sierra Madre Blvd., alterations, \$100; L. A. Evans, Pasadena, erect dwelling, 161 Oak Meadow, \$16,000; Marion Douet, 341 Sturtevant, re-roofing, \$113; Charles and Elizabeth Gildart, 531 Elm, alterations and addition of a room, \$1050; R. T. Robinson, Pasadena, erect dwelling and garage at 641 W. Orange Grove, \$12,800; Osti Nursery, 320 W. Sierra Madre Blvd., greenhouse, \$200;

Also, M. H. Perkins, 560 Brookside Lane, alterations to dwelling, \$800; Robert Osti, 314 W. Sierra Madre Blvd., dwelling and garage, 54 N. Lima, \$6572; G. Lunsdun, 200 Monte Vista Lane, swimming pool, \$3000; J. Anderson, Covina,

School Board Re-Elects Milton Valois

Change Meetings to 4th Monday Nights

First meeting of the newly-enlarged board of trustees of Sierra Madre schools was held July 1 at which time the five members voted to retain the present officers, Dr. Milton W. Valois as president and Mrs. Stanley Coutant as clerk.

New members present, who were elected to the board in the May election, are Mrs. Nathan Jacobs and George A. Feichtmann. Dr. Valois was elected at that time to a second term on the board.

Stated monthly meeting date of the trustees was changed to the fourth Monday of each month, effective Aug. 23. There will be a special meeting, however, on July 19, at which time the board will consider for approval the school's publication budget for the new fiscal year. Public hearing on the proposed budget is scheduled for Aug. 4. All three meetings will convene at 7:30 p.m. in City school.

The new board voted approval of a five percent increase for all non-certificated school employees. The proposed budget already includes a \$200 yearly increase for each member of the teaching staff who constitute the certificated personnel. Routine approval of Philip T. Mitchell, a teacher, as recreation director was renewed. Permission also was granted for use of an unused portion of the new Sierra Mesa school grounds for a Little Coast League ball diamond.

Attendance Figures Will Determine Rate Charge at Canyon Pool

City Administrator Lawrence C. Bevington hopes to "hold the line" on rates charged at the City-operated Canyon swimming pool. But attendance figures through this week may help the story; whether or not a slight rate increase will help the City break even on the operation.

Present rates are: 15c for children under 12; 25c for children 12 to 18 and 50c for adults.

Innovations at the pool this year are candy bar, coke and peanut vending machines for which the City council waived a yearly license fee because of the comparatively short period of operation.

THEY CAN DO TO THIS ONE what they can't do to the family auto! Children at the Community Nursery School, above, swarm possessively over their latest playground acquisition, a "new" motorless, windowless, doorless car which does boast, however, wheels, brakes and a choke knob. Pictured are: on top, Chris Carlson, left, and David Cason; below, left to right, Georgia Cason, Nancy Dane, Clifford Funk, Patricia Drinkwater, Jacques Gilbert and Tommy Dorman. Facilities Chairman Andrew O. Hedblom arranged for the car and a group of fathers put in extra time de-activating it for safe "driving." V. C. Devine, father of two Nursery School children, took this picture of the children at play.

"Clerk of Month" Contest Ends on Saturday, July 10

Shoppers are reminded by the Chamber of Commerce that all ballots in the "Clerk of the Month" contest must be in ballot boxes at the close of business Saturday, July 10. If you have any ballots at home that have not yet been filled out with your choice of efficient clerk in Sierra Madre, be sure to deposit them before the Saturday deadline.

Official counting of the ballots will be done Monday night at City Hall by a committee composed of Lee Shippey, Alfred Dewey, Rev. Robert N. Schaper and Mrs. Frazier Dougherty.

Announcement of the winning clerk will be made in next week's NEWS. Tentative plans by the Chamber call for a public presentation of the jackpot of prizes at a date to be announced later.

If you haven't voted, remember that YOU MAY VOTE WITH EACH PURCHASE OR COMPLETED TRANSACTION AND VOTES MAY BE CAST IN ONE CLERK OR WORKER IN ANOTHER.

Council Vote On Ordinance Is Expected

Zone Change Hearings Also Set for Tuesday

There will be public hearings Tuesday night, July 13, at the City Council meeting on the Bank of Sierra Madre's application for a zone change recommended by the Planning Commission and on a zone change for a section of West Grand View.

Also scheduled for the next council meeting is the second and final reading of an ordinance calling for formation of a Parking Assessment district. Some action is contemplated on pending plans to franchise a master TV antenna system here. Bids will be opened on an automatic signal system for the water department and on comprehensive liability insurance for the City.

Councilmen have been studying the tentative, proposed budget for the fiscal year beginning July 1 and also have been provided by the city administrator with his summaries of "The Report of the Referee on a Review of the Safe Yield of the Raymond Basin Area" and of a report on last winter's investigation of the sedimentation and infiltration of the Sierra Madre spreading grounds.

Relocation of Two Distribution Lines Contemplated by City

City Administrator Lawrence C. Bevington reports that negotiations are underway at present with the Los Angeles District, Army Corps of Engineers, regarding re-location of main distribution lines out of Sierra Madre's Auburn Street reservoir and of a four-inch main in Bailey canyon.

Necessitated by the imminent construction of flood control installations in both canyons by the engineers, the re-location costs will be borne by the Army engineers, according to Bevington, with the exception of the cost of a larger size pipe.

It is contemplated replacing the present 10-inch line out of Auburn with a 12-inch line for a length of approximately 1050 feet. The increased size is in consideration of the future needs of the area. Relocation in Bailey canyon will be of approximately 300 feet of four-inch pipeline.

Winbigler Retires After 20 Years in County Government

Work around his home and an extended, leisurely trip back east in the fall are the immediate plans of C. M. Winbigler, 360 N. Lima, who is accustomed himself this week to his new retirement.

Winbigler's retirement from county government became effective July 1 after 20 years of service in the County Probation department. He has been serving as deputy probation officer. The Sierra Madre man was among several guests of honor recently at a banquet at the Hotel Statler, attended by county supervisors and other county officials, and at a farewell reception in the coffee room of the Probation department offices at 205 S. Broadway.

Mr. and Mrs. Winbigler plan an autumn trip to Washington, D. C., where he spent 20 years of his life, to Philadelphia where he attended and was graduated from the University of Pennsylvania, to Baltimore and many other eastern and mid-western cities where they have friends.

Uneventful Holiday Weekend Reported by Police, Firemen

Except for three minor fires, a few barking dogs and illegal fireworks complaints (and some neon-red sunburns), it couldn't have been a much safer, saner—or quieter—Fourth of July holiday for those folks who stayed in town over the three-day weekend.

Police officers checked out the areas where illegal fireworks were reported but found no culprits. Otherwise, the police blotter was pure—no arrests, no accidents, no injuries, no intoxicated drivers—and Chief Gordon G. McMillan likes it that way.

No Calls During Picnic

The Volunteer Fire Department was undisturbed during its annual family outing at the Wistaria Vine Monday but responded to two calls that night. The later one was just before midnight when the volunteers and "Old Snort," the pumper, quickly extinguished a blaze in a small palm tree at the northeast corner of Park and Manzanita. Police found at the base of the tree material from a pyrotechnic display of some sort, possibly a flare, confirming

PTA Presenting Flood Lights and Amplifier to City

Expect Installation for Next Concert in Park

The second "under the stars" concert this season of the Sierra Madre band, scheduled for the evening of July 16 in City Park, may be a festive occasion on several counts.

Providing there is no hitch in present plans, in use for the first time that night will be the Sierra Madre Parent-Teacher association's \$1000 gift to the City and park of a public address system and lighting equipment.

Phone Co. to Change CU Prefixes

If you hear the rumor that the familiar Custer prefix is to be changed soon, don't deny it—it is true—only the time element is wrong!

According to a statement made by Ralph Dutro, district manager of the California Water and Telephone company, the change will become effective a year and a half from now with the December, 1955, issue of the telephone directory. The prefix change is necessary in order to tie the telephone numbers for this area into the nationwide toll dialing system.

The new prefix, just one for all the present Custer 5-numbers, will be announced shortly after the first of the year, in sufficient time to permit its use for Christmas, 1955. The last four digits of present phone numbers here will be unchanged, according to Dutro.

New Toll Ticketing

He also reports that the California Water and Telephone company is now in the process of installing Strouger automatic toll ticketing equipment in the Sierra Madre central office, 128 N. Baldwin, at a cost of \$400,000. Early in September of this year, Custer subscribers will be able to dial 76 additional prefixes without operator assistance, just as they now dial CU, DO, EL and SY numbers, but will be billed as unit charges. The additional L. A. metropolitan area prefixes which can then be dialed from local phones will range from Adams to York.

Although the new director system will not permit dialing the above prefixes until around Sept. 1, Dutro explains that certain new procedures in dialing should be observed now.

For Best Results...

If dialing is not started within 15 seconds after the dial tone has been received, the call will be released and the busy tone returned to the subscriber. If the first three digits have not been dialed within 30 seconds, the same procedure will be followed.

Therefore, Dutro advises, be sure you know what telephone number you want to dial BEFORE you raise your receiver, then start dialing as soon as you hear the dial tone.

Mayor to Speak

Mayor Charles E. Louk and other City officials will be on hand to formally acknowledge the PTA gift and to dedicate the amphitheatre. Also participating will be Philip T. Mitchell, City Recreation director, Stanley Coutant, band committee chairman, representatives of the PTA and others.

And to top it all off, Band Director Roger Gray will be receiving congratulations and good wishes from those who haven't seen him since his marriage on June 25.

The band selections will be announced next week. The PTA gift represents an accumulation of funds netted by PTA from the Community Fair in June, 1953, and the Carnival last fall.

Swim Pool Fund

Some of the money had originally been earmarked for the now-dormant municipal swimming pool project. Assisting at the profitable PTA booth at the Community Fair were local church groups, the Nursery School and Highland Oaks and Eugene Field schools.

The audio system provided from these funds will be portable and useable elsewhere in the city by civic groups. The proposed light fixtures, which can be used as flood or spot lights, also can be used elsewhere in the park as the city provides additional conduit and outlets.

One interested spokesman estimates that the new equipment will provide about four times the lighting previously provided by temporary arrangements.

Gradual Improvement Seen in Condition of Postmaster Robertson

Gradual improvement has been reported in the condition of Postmaster Eddie D. Robertson who suffered a paralytic stroke three months ago and is still a patient at Wadsworth General Hospital at Sawtelle.

According to Mrs. Robertson, 490 N. Sunnyside, the postmaster is able to receive visitors for short periods of time and welcomes them.

First Mayor Greeted After Long Illness

Warmly welcomed as he visited around town this week after a four-month illness, was C. W. Jones, 49 E. Alegria, who was Sierra Madre's first mayor back in 1906 and who will celebrate his 86th birthday next month.

Mr. Jones underwent two major operations in recent months and, after a long convalescence, is able to be out again and to drive his car.

CITY PLANNING COMMISSION WILL MEET TONIGHT

The City Planning Commission will meet at 8 o'clock tonight in the City Hall. Meeting time of the commission has been changed from the fourth to the second Thursday night of each month.

Letters to the Editor

The Editor
The Sierra Madre NEWS
Dear Sir:

You are I am sure aware of the agitation in many communities over means to control Rabies and the feeling, both for and against inoculation.

Believing that the recent clinic held in Sierra Madre for inoculation, on a voluntary basis, would be a fair test of the reaction, if any, to the serum, I hope to interview, if it is possible, each owner of a dog or cat to secure this information first hand.

The writer feels that he, as well as everyone else, has a responsibility to protect by every available means his own dogs and the entire public, and that this includes inoculation.

He does not belong to any group, organization, association or have any interest, financial or otherwise, in any serum.

Whatever effort and expense he is putting into this survey is entirely his own in an endeavor to prove to his satisfaction the truth about the serum used and the inoculation as performed at this clinic.

There will be no solicitation or acceptance of funds, and the names and addresses of all those interviewed will be kept confidential and will not be used without their consent in writing.

I will appreciate it if you will give this letter publicity in your paper so that my intent will become known, and that it has the approval of Mrs. Arthur C. Bohart, past president of the PTA and the veterinarians who performed the inoculations at the clinic.

Very truly yours,
Charles F. Ziegler,
34 W. Grandview Ave.
Arcadia, Calif.
Custer 5-2496.

The Editor, Sierra Madre News
So many people still discussing the Army-McCarthy hearings that I feel I should like to give my version of them publicly.

However confusing they were, to us, and our friends abroad, the hearings, I feel sure, served the useful purpose of stimulating interest in basic government, its procedures in showing us what the Communists are doing in our country is appalling.

Between TV, radio and the newspapers, our American public participated to an unheard of extent in the Army-McCarthy hearings. Let us hope in the future the public will demand to participate in more of such procedures.

How can any good American oppose the Senator McCarthy methods (call 'em as you find 'em) and they should answer a "yes" or "no" without any difficulty if they aren't Communists!

Lillian Young Roess,
Sierra Madre.

WISHES SHE WERE HERE!

3244 Cliff Ave.
Richmond 22, Va.
Sierra Madre NEWS

Dear Sirs:

Enclosed is payment for my subscription . . .

I STILL miss Sierra Madre very much and wish I were there to stay. But I believe the way will open sometime for me to return to live there for good.

I enjoy the newspaper so very much. Thank you for your kindness.

Sincerely yours,
Miss E. Beatrice Marable

Lee Shippey asks What Do You Think?

A zealot named Hitler got the idea that murder, ruin and disgrace were proper punishments for those who were tainted with sympathy for those he was persecuting, no matter how loyally they were serving their country. The result was that many of his country's greatest scientists, doctors, educators and thinkers fled to other countries. Not only was Germany deprived of their brains but without the counter-balance of their humanitarianism and clearer vision, Hitler's madness grew unchecked and brought destruction on him and ruin on his country.

I think many persons in our country are nearer to that kind of zealotry than they realize. Take the case of Dr. Robert Oppenheimer. Many years ago he took some interest in Communist theories but soon discarded them. He is credited with doing more than anyone else in creating the atomic bomb. After that bomb destroyed Hiroshima and Nagasaki, he shrank from the thought of creating the H-bomb on humanitarian grounds—it might destroy hundreds of thousands of innocent men, women and children with a single blast. But when the Atomic Energy Commission decided to go ahead with it, he loyally got busy to help create it. There is no evidence that this great scientist ever committed any disloyal act. I think our country is lessening its own potential by losing his services. Wouldn't we feel foolish if he went to some other country and enabled it

to surpass us in atomic development?

Last Sunday's Los Angeles Times featured a splendid article on the aims and purposes of Unesco. It contained information all of us should have. Yet as I read it I wondered how many school teachers in Los Angeles County would have dared say things half as friendly to Unesco to their pupils. With the shortage of teachers an acute problem, many college students in this state who were thinking of becoming teachers have changed their minds because of the fear that they might get jobs under some fanatical board of education which might unjustly suspect them if some disgruntled pupil went home and made a slurring remark.

Certainly we don't want anyone teaching or inspiring disloyalty in our schools, but the super-zealots who are making teachers fearful of even mentioning anything controversial are partly responsible for the teacher shortage, and are doing our children harm. As I said once before, every zealot is a potential Torquemada.

LAST WORD: It isn't truly something he may have thought, in a misguided moment. It is truly American to punish him for his punishable acts. If we could all be punished for any crime we impulsively thought of committing at some time I wouldn't be alive and don't know anyone else who would be. Do you?

Santa Anita YMCA Announces Events For Boys and Girls

Among many special events underway this summer for boy and girl members of the Santa Anita District YMCA are swimming classes, one of which started Monday, June 21, and another which will begin on Aug. 2.

Special events for girls only will include a table tennis tournament starting July 15 after a single elimination by age groups. There will be a trophy for the winner.

An overnight hike will be planned during the summer and a play day will be held July 20 with a rope skipping contest, jacks, softball and other events that day. A doll show is scheduled for Aug. 17.

Summer events for boys only will include softball. A table tennis tournament will begin July 13, single elimination by age groups. There also will be overnight hikes for boys.

All activities are for Y members only, boys' membership fee being \$5 a year, girls \$3.50. For additional information call the YMCA office, ELliott 8-5155.

Al Hopper Joins Pangborn Realty Co.

Al Hopper, 25 Sierra Place, recently joined the staff of Pangborn Realty company, 344 W. Sierra Madre Blvd.

Mr. Hopper, with his wife and son, Jack, 9, has made his home in Sierra Madre for the past year. Jack has been attending the Sierra Madre Elementary school.

Mr. Hopper brings to the local real estate company the benefit of 14 years' experience in real estate. He was a member of the board of directors for the Real Estate Board in Fontana, Calif., for eight years.

JOHN H. SUTERS ENJOY TRAVELS IN SWITZERLAND

The John H. Suters, 600 N. Auburn, who are traveling in Europe this summer, wrote friends here recently that their stay in Switzerland is nearly over—with a trip to the Austrian Alps next on their schedule. They say they both "feel fine" and are enjoying their trip.

The Suters left here late in May and expected to be away about two months.

LET THE ENGINE IDLE

Don't cut off the engine immediately after a long drive, especially one that has been through mountains, advises the NAC. Let it idle for a few minutes before calling it a day. Two good results are thus accomplished. One is the prevention of loss of water through boiling, the other the development of vapor lock in the fuel line.

utes before calling it a day. Two good results are thus accomplished. One is the prevention of loss of water through boiling, the other the development of vapor lock in the fuel line.

Newest Books At Library Reviewed

By LULU MOORE
Librarian, Sierra Madre Library

ISN'T ONE WIFE ENOUGH—by Kimball Young. In spite of its jaunty title this is a sociological study of the institution of plural marriages among the Mormons. It is full of detailed information, how it began, how extensive it was, how people both within and without the community felt about it and how it was eradicated. It relates the Short Creek, Arizona, affair of last year. Author Young is the grandson of Brigham Young and an outstanding sociologist and a competent person to write on the subject.

LONDON AFTER DARK is by the ex-detective superintendent of Scotland Yard, Robert Fabian. It is an intimate record of night life in London including a collection of crime stories from the case-book of the author. Detective fiction is no more exciting nor fantastic than the stories of night clubs, dope traffic, child gangs and pubs. The most interesting thing is the account of the dangerous societies that flourish in the underworld of the big city.

POWER AND THE PRIZE by Howard Swiggett is a novel of big business. It describes the negotiations between an American and a British combine for the control and capitalization of an important new metallurgical process with mining rights. Within this is told a strange but convincing love story interwoven with a bitter personal struggle between the powerful but unscrupulous old boss and his determined more human vice-president. All ends well.

OTHER BOOKS: Non-fiction: Ethics in Government, Douglas; Seduction of the Innocent, Wertham; Tonic for Our Times, Evans; Universe and Dr. Einstein, Barnett; Period Piece, Raverat; From the Danube to the Yalu, Clark; Syngman Rhee, Oliver; Flight of the Arctic Tern, Helmericks; Zapotec, Augur; Introduction to Trees, Kieran; Your Child and His Art, Lowerfeld; American Glass, McKearin; Old Country Store, Carson; Nothing Is Dripping on Us, Witte; Far, Far From Home, McKenney; All About Trailers, Gartner; Sport and Racing Cars, Yates.

Fiction: Secret Stair, Bottomre; Time to Love and a Time to Die, Remarque; Mary Ann, Du Maurier; Caroline Affair, Gibbs-Smith; Last Love of Camille, Winwar; Beyond the Hungry Country, Stinetor; Row's End, Cochran; Conquest of Don Pedro, Ferguson; Farewell My General, Seifert; Year's Best Science Fiction, Boucher; Best From Fantasy and Science Fiction, Boucher.

SQUATS, the midjet window cleaner, used to go around cleaning people's eyeglasses.

Active GOP Women's Club Elects Officers, Plans Mildred Younger Talk July 15th

The Arcadia Womens' Republican Club, Federated, which was organized shortly before the primary election and already has almost doubled its membership goal, "104 for '54," recently elected and installed officers for the year and planned a luncheon-meeting for July 15.

The formal organization meeting was held in the patio and beside the flower-decorated pool at the Arcadia home of Mrs. Gerald J. Mills, club organizer and acting president, who was elected to the presidency at that time. Mrs. Mills' home at 1771 Oakwood, has been serving as club headquarters.

Among Sierra Madre women who have joined the Federated Republican club are Mrs. Charles E. Louk, Mrs. Helen Haas, Mrs. John Standish and Mrs. George Osborn.

Elected to and installed in offices with Mrs. Mills were the following: Mrs. Edward J. Kennedy, Mrs. William I. Baumann and Mrs. Leon L. Burr, Jr., first, second and third vice-presidents; Mrs. Charles Hauk, Jr., recording secretary; Mrs. Roy E. Flynn, corresponding secretary; Mrs. J. V. Covell, treasurer; Mrs. R. P. Fry, parliamentarian; Mrs. C. L. Browning, auditor, and standing committee chairmen, Mrs. James F. Hetler, press and clippings; Mrs. David Diehl, hospitality and reservations; Mrs. Fred Gram, decorations; Mrs. J. S. Craig, Americanism, and Mrs. Alvin Ruck, mailing.

Plans were advanced for the club's first monthly luncheon-meeting to be held July 15 in Hinshaw's auditorium, Arcadia, with Mrs. Mildred Younger, California Republican candidate for State senator, as guest speaker.

Mrs. Jean Wood Fuller, president of the California Federation of Republican Women, was guest of honor at the organization

tion meeting, along with other state, county and city leaders. Because Sierra Madre has no Federated Women's Republican club, Mrs. Mills has extended a personal invitation to women here to join the Arcadia club. Mrs. Baumann, membership chairman, may be contacted at DOuglas 7-3915.

THIRD LARGEST SUSPENSION BRIDGE IS IN WASHINGTON

The Tacoma Narrows bridge in Washington state is reported by the NAC to be the third largest suspension bridge in the world.

AGAINST THE LAW TO BE SICK?

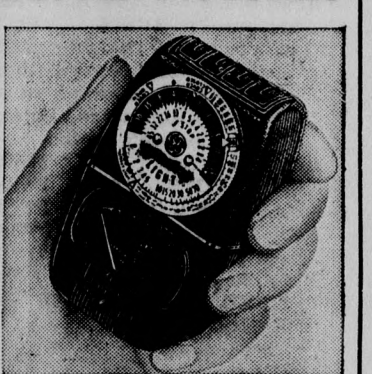

Not any more, but at one time sickness was against the law in New Guinea and sick persons in other parts of the world were often shunned or persecuted for possessing "evil spirits". Now, we accept the fact that the human body can run down, that it is subject to diseases, and we are better prepared than ever before to combat and prevent them. Your doctor is dedicated to helping the sick regain their health, and your pharmacist helps him by compounding the prescriptions which give relief. They are vital members of a great humanitarian movement to make life healthier, happier.

FIRE FLAMES

By JAMES HEASLEY

Few people enjoy hearing or reading a lot of figures. But here are some that compel you to stop, look and listen: The fire loss in the United States was \$51,729,000 more for the year 1953 than for 1952. This means that the fire loss for 1953 was \$864,863,000.

This figure is arrived at from reports of fire chiefs throughout the country and, although not accurate to the dollar, it's close enough to tell the story and, if anything, it's low.

The causes of such great loss are many and carelessness with matches and "smokes" heads the list. If you insist on smoking in bed, just remember many have fallen asleep with a lighted cigarette and never awakened, and have caused suffering or death to others.

After reading the enormous fire loss figure for the nation, we can't help being just a little proud of our low fire damage record in this city. Not just for the past year but over a long period of time and this is considering the location and area included.

Don't think the firemen expect the glory—but we are in a position to know that vigilance and interest on everyone's part—residents, firemen, everybody—is what counts.

It's hard to impress on folks the need for adequate equipment when fires are small and far between. But we in the department know that someday we could be faced with a holocaust and then our best efforts won't count for much without proper equipment.

At the risk of sounding repetitious, the volunteer firemen are a great bunch of guys and enjoy their association together, drills and such. We ARE proud of this and like to keep telling you. Too many people are uninformed about the Volunteer Fire department.

HAROLD A. PANGBORN, left above, relinquished the gavel as retiring president of the Lions Club at the service club's recent installation dinner, but the new president, Lawrence T. McGinnis, on duty with the Naval Reserves, was not on hand to receive it. Pictured with Pangborn are Dan Wilson, center, new first vice-president, and Edward A. Cooney of Azusa, deputy district governor. Cooney served as installing officer.

Fluoridation of Community Water Supplies Discussed in Article by County Health Officer

Sierra Madre water is reported by the California State Department of Public Health to have up to 2.2 parts per million "natural" fluoride content—that is, not introduced artificially.—Ed Note.

ROY O. GILBERT, M.D.
Los Angeles County
Health Officer

In the nation-wide campaign against tooth decay during the last few years, fluoridation of community water supplies has come in for a lot of publicity—most of it good, some of it bad. According to officials who support the measure, opposition to it is not based on the results of existing scientific investigation.

The chief argument against the use of fluorine in drinking water is the claim that it is injurious to health and may even, in the course of time, be the cause of certain chronic disease including cancer. As a matter of fact, assertions have been made that fluoridation has

harmful effects on the kidneys, the arteries and all internal organs; makes bones brittle; aggravates acne, and causes a variety of bodily disorders. The old patent medicine remedy in reverse, as it were.

Charges Refuted

Each one of these possibilities has been carefully investigated by competent scientists and each charge refuted. Indeed, the American Cancer society made the statement that fluoridation of drinking water for the purpose of preventing tooth decay is absolutely without danger as far as cancer causation is concerned.

The fact that fluorine is already present in the water of hundreds of areas in the United States, has been ingested for a great many years without causing any ill effects whatsoever, does not still the criticism. It is argued that when present in the water in its natural state fluorine is harmless but when added to it by artificial means the chemical has a deleterious ef-

fect on the human body. Yet the fluorine ion is exactly the same in both instances.

Flourine is not "naturally" in the water in any event. It is dissolved in the water as it makes its way through the earth as are other minerals such as magnesium, iron, lead, copper and other substances that are found in the earth or on the surface of the ground. Recommended standards set up by the U.S. Public Health Service state that drinking water may not contain more than certain amounts of these chemicals. And this is also true in the case of fluorine.

Any one of these chemicals, when present in larger amounts than trace quantities, may produce undesirable physiological effects, particularly when taken over an extended period of time. That is why it is recommended that the fluoride content of domestic water should not exceed more than 1.5 or 2 p.p.m. (parts per million). If the fluorine content of the water is considerably higher, for example, 8 p.p.m., mottling of the teeth may occur or excess fluorine may be deposited in the skeleton structure causing a bone density that, although harmless, is undesirable.

Survey Findings

The Commission on Chronic Illness, recently reported the findings of a survey done in Bartlett, Texas, where the water contained fluorine in the amount of 8 p.p.m. Thorough medical examination of the inhabitants revealed no indication that they were less healthy than the residents of nearby Cameron where the water contained only 0.3 p.p.m. And, in accord with findings elsewhere, there was no increase in the number of individuals suffering from chronic diseases.

Fluoridation has been endorsed by the American Medical association, the American Dental association, the U.S. Public Health Service, the American Public Health association, the American Water Works association and numerous other public and private organizations—an endorsement that is based on the results of scientific research covering several decades.

After all is said and done, the individuals that make up these organizations must also use water and it is certain that the measure would not be approved were it in any way harmful.

Arrives From Mass.
For First Visit With Sister in 25 Years

Mrs. Jean R. McClintock, 304 Churchill Rd., is catching up these days on all the news of her family home town, Brockton, Mass., since the arrival last week of her sister, Miss Josephine Rogers. It is their first visit together since Miss Rogers last was here 25 years ago.

Mrs. McClintock says she hopes to prevail upon her sister to remain here with her permanently.

H. G. Maurer and Sister From Detroit Have First Visit in 30 Years Here

Their visit recently was a brief one—but it was the first in 30 years for H. G. Maurer, 175 N. Mountain Trail, and his sister, Mrs. E. J. Andre of Detroit, Mich.

They last saw each other in 1924 in Detroit when Mr. Maurer left there to come to California.

Mrs. Andre is partially crippled with arthritis and hasn't traveled much. She, her husband and their daughter, Barbara, arrived here on June 23rd

and were shown the sights for a day or two, including Hollywood, before they left for San Francisco, then the return trip home in their new car.

Then there was the deep-sea diver who drowned when he tipped his hat as he spoke to a mermaid.

Beginning Next Week . . . An Exciting New Feature !!

“Introducing . . .

SIERRA MADRE'S BUSINESSMEN”

*Beginning with the July 15th issue, the
Sierra Madre News will present*

a fascinating new weekly feature introducing local merchants and businessmen with pictures and stories. The stories will have an appealing, personal, human interest approach with emphasis on the home and community life of the merchant and not necessarily in the role most people know him by . . . a businessman.

Three merchants will be recognized each week in this manner.

*We believe you will enjoy and look forward
to this special attraction in each issue.*

It is designed primarily for the purpose of establishing between the merchants and the public they serve a more personal, more friendly and a more familiar relationship.

Get better acquainted with our local businessmen not only by reading about them, but by patronizing their stores and purchasing their goods and services.

There's none better . . . ANYWHERE.

TRY SIERRA MADRE FIRST . . .

FOR ALL YOUR SHOPPING . . .

BECAUSE YOU ALWAYS GET . . .

The following merchants and businessmen are participating in this feature. Any who have not been contacted and who desire to participate, please call CUs-ter 5-3324.

Scanning the Sports Scene

By BOB BROGGER

Same old story: Sierra Madre softball team defeats Consolidated, 9-3.

Gerald Perry once again turned in another sparkling performance with his pitching. This time he pitched a 3-hitter. Gerald is still aiming for the magic no-hit, no-run game.

Sierra Madre collected 7 hits throughout the contest and stole 4 bases. The hit of the evening was Dick Bell's mighty home run in the first inning. It was a hit down the right field line where the right fielder could not quite get to it in time, and it rolled to the wall.

The team's record now stands 3 and 1. This ties them for first place in the league with Fair Oaks Furniture.

NEXT GAME: SIERRA MADRE vs. N.O.T.S. AT 8:30 ON DIAMOND 3 TONIGHT.

THIS AND THAT . . . Leonard Woltman of Sierra Madre plays for the Pony League in Pasadena. He's 14 and quite a ball player. He pitches and plays right field . . . Larry Shepherd has been seen around town lately . . . Larry Cavalier, who plays shortstop for the American Legion Post 13 nine, is looking for the scouts instead of vice versa . . . Lee Shippey's son-in-law, Bob Thomas, caught a 10-pound sea bass recently. Sierra Madre might play the Pasadena Fire Department who

Sierra Madre Boys in First Group at Y's Camp at Lake Bluff

Returning on July 1st, after a week's stay at the Santa Anita District's Camp Bluff Lake was a group of Sierra Madre boys who were part of this summer's first group at the camp. They are: Robert G. Baker, Baird Caswell, David Caswell, Robert Foster, Robert Jenkins, Sam Kirk, Gerald Myers, Gene Sawitzky, Ernest Tancrell, Robert Smith and Michael Tyler.

The camp group included other boys from Monrovia, Arcadia, Duarte, La Canada, Alhambra and San Gabriel and a staff which included a camp director, program leaders, cabin counselors, an aquatics director, wrangler, head cook, medical attendant, maintenance director and riflery instructor.

Activities throughout the summer at Camp Lake Bluff include swimming, hikes, sports, riflery, horseback riding, nature study, camp crafts, campfire programs and dramatics. The camp is located in the San Bernardino mountains at an elevation of 7700 feet.

are leading the "AAA" division in the Owl League . . . It seems like Branch Rickey is more interested in the Hollywood Stars than he is in the Pittsburgh Pirates. He keeps sending his best players up to the Stars and the Stars send their poorest players down to Pittsburgh. Which one is the farm team? Will Rogers predicted World War I wouldn't last very long because his brother-in-law joined the Army and he never held a job for over two weeks.

Shriners to Hear Talk by Expert On Jet Propulsion

Dr. Ralph Bowersox of the Caltech jet propulsion laboratory will speak on the subject, "Guided Missiles and Jet Propulsion" at a luncheon meeting of the Pasadena Shrine club tomorrow, July 2, in the Elks Club.

Dr. Bowersox is regarded as an authority on the subject. In his talk he will discuss future developments expected in air travel such as the probabilities of leaving New York City by air at 7 a.m. and arriving in Los Angeles at 6 a.m. the same day.

All Shriners and their friends are invited to attend the luncheon and program which will adjourn promptly at 1:30 p.m.

Col. Owen Family Host To Vancouver Visitor

For two weeks recently, the Col. William J. Owen family, 20 W. Mira Monte, has been host to J. H. Chalmers, a family friend formerly of England and South Africa. Mr. Chalmers presently is a member of the brokerage firm of Chalmers and Sainsbury of Vancouver, B.C.

The Owen family group numbers seven, representing three generations, parents, three children and grandparents, Mr. and Mrs. William P. Shannon, all formerly of Belfast, Ireland. Col. Owen is an executive of the firm of Reliance Window corporation in Los Angeles.

SIERRA MADREANS FIGURED PROMINENTLY in the recent installation of officers of Pasadena chapter, National Society of Arts and Letters, which took place recently on the grounds of Mrs. Cambridge Luper's home here, 680 N. Auburn. A Pasadena, Mrs. Florence Tompkins, is president for 1954-55 and among local women serving officially with her are those pictured above: left to right, seated: Mrs. Hazelle Paus, historian; Miss Grace Webber, recording secretary; and Miss Lucy Marquardt, treasurer; standing, Mrs. Ella Nourse, corresponding secretary, and Mrs. Mabel Grill, membership chairman. The group's next meeting will be in the fall.

A first child, Heather Jeanine, was born to Mr. and Mrs. G. Bonar Sutherland, 258 N. Wilis, June 14 at Huntington Memorial hospital. She weighed 8 pounds, 11 1/2 ounces at birth. The maternal grandparents are Mr. and Mrs. John Hayward of Vancouver, B.C.

Mr. and Mrs. Chittenden Bennett, 799 Idle Hour Lane, are the parents of a 7-pound, 12-ounce daughter, Julia Marie, born June 9 at St. Luke hospital. The paternal grandparents are Mr. and Mrs. Elliott C. Bennett of Bedford, Ohio.

A son, James Douglas Moffat Jr., was born June 15 in St. Luke hospital to Mr. and Mrs. Douglas Moffat of Monrovia. Mrs. Moffat is the former Janice Heasley, daughter of Mr. and Mrs. James C. Heasley Jr. of Sierra Madre. The new baby's maternal grandparents are Mr. and Mrs. Jack Moffat of Monrovia, formerly of Sierra Madre. Both maternal and paternal great-grandparents also live in Sierra Madre.

A second daughter, Diane Elizabeth, was born to Mr. and Mrs. Richard E. Hauck, 273 San Gabriel Court, June 21, at St. Luke hospital, weighing seven pounds, 9 ounces. The mater-

nal grandparents are Mr. and Mrs. Ralph N. Parks of Pasadena. The paternal grandmother is Mrs. Ellen M. Hauck, 281 San Gabriel Court. The Hauck's other daughter is Mary Christine, 2 1/2.

Mr. and Mrs. Jack E. Cottingham, 445 E. Laurel, are the parents of a 6-pound, 10 1/2 ounce, Jeffrey Allan, born June 19th at Huntington Memorial hospital. The paternal grandparents are Mr. and Mrs. George W. Cottingham of Huntington Beach, Calif. The maternal grandmother is Mrs. Allan S. Tingey of Altadena.

A 9 pound, 5 ounce daughter, Eleonore Elise, was born to Mr. and Mrs. John M. Bush, 515 E. Laurel, May 24, at St. Luke hospital. The maternal grandmother is Mrs. Eleonore Patterson, 461 W. Orange Grove. The Bushes have a son, John Martin, 5 1/2.

A 6-pound, 14-ounce son, Remsen Ogilby Paul Jr., was born June 28 to Mr. and Mrs. Remsen O. Paul, 612 W. Montecito, at Huntington Memorial hospital. The new arrival has a 14-month-old sister, Peyton Ledward. The Pauls came to Sierra Madre a year ago from their home in Philadelphia, Pa.

age at the time of her death. Private committal services will be held at Pasadena Mausoleum.

Mrs. Weatherbee was a native of Dedham, Mass., where she was born in May, 1865. She was a member of the Order of the Eastern Star and of First Church of Christ, Scientist, in Pasadena.

Surviving her are two daughters, Mrs. Elizabeth E. McConaughy of Altadena and Mrs. Helen R. Marshall of Pasadena; a brother, Lewis E. Edmonds of Laguna Beach, and six grandchildren.

Private Funeral Here Today for A. Ruth Weatherbee

A private Christian Science funeral service was to be read by Mrs. Lula C. Sheldon at 11 o'clock this morning in Ripple Mortuary chapel for Mrs. A. Ruth Weatherbee who died Monday, July 5, in Sierra Madre. Mrs. Weatherbee, formerly of Pasadena, had been a resident at Crestview Lodge here for the past five and a half months. She was 90 years of

BATTING

By *** Rogers Hornsby**

From the book "How to Play"

published by The Sporting News

Chapter 1

YOUR BAT AND STANCE

One of baseball's greatest problems—from the playing standpoint—is the development of a batter. Some club owners and managers cling to the belief that a "great batter is born." In other words, nature has supplied the player with the natural ability for the art in batting.

Others believe that it is possible for the individual player to develop himself into a great batter, after he has gone through the preliminary course of learning the rough technique of swinging a bat at a pitched ball.

I doubt that a "great batter is born." In my case, I can say my batting ability was accomplished entirely through confidence, constant practice, and a personal desire to excel in a profession that brings rich dividends.

There are probably more hazards to overcome in developing the art of batting than in any other department of baseball.

The young baseball prospect is advised that it is possible for him to become a smart, tricky batter, a long-distance batter, and a batter who will make his mark in the game if he will concentrate on correcting his faults, overcome his weaknesses, study every word of these instructions and practice batting at every opportunity that he gets.

Realizing that the value of a ball player is usually placed on his batting skill, every phase of batting is covered in the instructions herewith.

Pick Your Own Type of Bat

The ball bounces off the bat when it becomes a base hit. Therefore the type of bat to be selected is very important. One style of bat will be favored by one player, a different model by another player.

Adopt the bat that feels free and easy in the grip of your hands. You may prefer a heavy bat, or a light one. A long one, or a short one. A bat that is thin at the handle with a majority of the weight in the middle.

Anyway, pick your own bat. It may require some time for you to decide on the proper type, but you will find one eventually.

Have Confidence in Yourself.

With the bat in your hands, and on the way to home plate

to enter the batter's box, the next important step is to acquire confidence in yourself. Never fear a pitcher or any style of pitched ball.

Base hits, including home runs, have been made on a slow curve, a wide-breaking curve, a fast ball, a change of pace, a knuckle ball, and, in fact, everything that has been thrown by a pitcher.

The first advice is to acquire the needed confidence. Never become gun-shy—that is, fearing a pitch that may be close to the head. It is easy to avoid being hit by a fast one on the inside, and if the pitcher continues to pitch around the head, the batter will eventually draw a base on balls.

The pitcher must pitch to the strike zone—over the plate that is 17 inches wide and within the space between the batter's armpits and the top of his knees.

The pitcher, of course, is trying to fool the batter to prevent him from getting a base hit.

On the other hand, the batter is at his position in the batter's box trying to solve the particular pitched ball for a base hit.

Confidence is far more than half the battle—remember this the moment you enter the batter's box.

Position in Batter's Box

Before the batter takes his first swing at a pitched ball he must find a position in the batter's box. The size of this space is six feet in length and four feet in width. Any spot in this area may be occupied by the batter.

The batter is advised to select his own position. He may get good results while standing close to the front line in the middle of the batter's box. He may find that he is not getting his share of base hits from this position. In that case, he may start moving around. You may get the range of the pitched ball from the rear line in the far corner, or by changing to the front part of the batter's box.

No definite rule covers this end of batting—the exact position in the batter's box. The player will solve this problem for himself.

*As related to Sid C. Keener.

This is the first in a series of articles to help give proper instruction to boys in How to Play Baseball. Future columns will include Pitching, Infielding, Catching, Outfielding and Base Running.

"How to Play," consisting of 112 pages, is available from the publishers, The Sporting News, 2018 Washington Ave., St. Louis 3, Mo., for fifty cents a copy.

Building in '54 Valued At \$658,803; Upswing

Mrs. Robert Brousseau, Son Sail Today for Pearl Harbor, Hawaii

Mrs. Robert Brousseau and three-month-old son, Michael, left Sierra Madre yesterday and were to sail today from San Francisco for Pearl Harbor, Hawaii, where they will join YNSN Brousseau who has been stationed there since May.

Mrs. Brousseau, the former Wynne Schweppe, and the baby, have been staying with her parents, Mr. and Mrs. Frederic Schweppe, 182 N. Lima. Accompanying Mrs. Brousseau as far as San Francisco were Mrs. Schweppe and a grandchild, Susan Osti, who planned to visit relatives in Palo Alto for several days after seeing the travelers aboard ship.

MRS. CARL F. ADAM HOME FROM HOSPITAL

Mrs. Carl F. Adam, 93 N. Canon, is home following a four-day stay in St. Luke hospital for medical observation.

Book Worm Club At Library Drawing Large Attendance

Forty-five children signed up for the Book Worm Club Friday afternoon at the public library. Carol Parker was the first to join followed by Gary Glaser.

Others to become charter members are: Valerie Anderson, Paul Anthony, Steven Anthony, Susan Berdahl, Marian Black, Pattie Camp, Julie Carlson, Candy Chambers, Cathie Clarke, Darrell Clarke, Fred Clarke, David Daniel, Laureen Davidson, Terry Davidson, Judy Duff, Shirlee Emery.

Also, Mary Ann Feichtmann, Katy Flanagan, Lynn Golden, Lincoln Haymaker, Helen Jean Hippenstiel, Virginia Hippenstiel, Craig Johnson, Jill Johnson, Marie Justice.

Also, Carolyn Kirk, Marilyn Kirk, Polly Lalone, Jill Lomax, Linda Lomax, Kathleen McKes, Douglas Peterson, Victoria Petosa, Jean Poyntz, Libby Robertson, Charles Roth, Sally Smith, Susie Smith, Barbara Tate, Joanne Vorster, Bonnie White, Gordon Young.

All children are invited to join any Friday afternoon during July and August.

Mrs. E. G. Everett in Florida With Daughter

Mrs. E. G. Everett of Long Beach, formerly of Sierra Madre, who had been convalescing at Crestwood Sanitarium after bone surgery, has recovered sufficiently to accompany her daughter, Mrs. J. I. Freedlund, to Florida by plane. Mrs. Everett will probably remain with the Freedlunds in Belle Glade, near Miami, until next spring and, according to Capt. Everett, will make the acquaintance of four great-grandchildren, born since the Everetts last visited there in 1950.

Capt. Everett expects to enter the Veterans hospital at Sawtelle, Sept. 1 for surgery, then plans to drive to Florida early in October to join his wife.

Mrs. Everett's mail address in Florida is in care of the Freedlunds, P.O. Box 96, Belle Glade.

Joseph L. Davis Home From Navy

Joseph L. Davis, 185 Grove, has recently returned to Sierra Madre where he makes his home with his mother, Mrs. Beulah M. Davis.

Mr. Davis received his discharge from the U.S. Navy last month following four years of service aboard the U.S.S. Nicholas. He spent 32 months in Korean waters and 5½ months at Eniwetok.

He is now driving a cab for the Wistaria Cab company.

MRS. H. R. MECKE IN SIERRA MADRE HOSPITAL

Mrs. H. R. Mecke, 37 Auburn, is a patient at the Sierra Madre hospital where she is convalescing following surgery at Monrovia hospital.

Social and Club Activities

Milton W. Valoises Return From Holiday

Dr. and Mrs. Milton W. Valoises, 51 E. Bonita, recently returned from a three-week holiday to Alaska.

The Sierra Madreans left Los Angeles harbor aboard the cargo liner S.S. Bonanza and traveled to Vancouver, B.C., where they took passage to Prince Rupert on the S.S. Coquitlan, visiting several islands off the coast of northern Canada as well as the world's largest aluminum plant.

By the time the local couple returned home they had traveled 3000 miles by water and 2000 miles by auto.

Burr Boys Visiting Father in Manila

Bill and Jack Burr, age 17 and 13, respectively, have notified their mother, Mrs. Bette Burr, 449 E. Montecito, of their safe arrival recently in Manila where they will spend the summer with their father, William Burr.

The boys left Los Angeles International airport June 28 for Seattle where they enplaned again for the flight to the Philippines by way of Anchorage, Alaska, the Aleutians, Tokyo and Okinawa. They arrived at their destination 14 hours late, according to their cable to their mother.

Woman's Club Sponsors Dessert Card Party

Members of the Sierra Madre Woman's club will sponsor a dessert card party Wednesday, July 14, at 12:30 p.m. in the clubhouse.

Highlight of the afternoon's festivities will be the awarding of the prizes for the benefit bridge and canasta tournament which was sponsored by the club and ran through the past club year.

Mrs. Gordon K. Wright is chairman for the affair and is being assisted by Mrs. William F. Spalding, co-chairman.

Reservations may be made by calling Mrs. George G. Hanford at CUster 5-9284 or Mrs. Henry N. Wade at CUster 5-9834.

Charles J. Chunn Jr. Receives D.D.S. Degree

Mr. and Mrs. C. J. Chunn, 77 E. Montecito, recently returned from Seattle, Wash., where they attended the graduation exercises of their son, Charles J. Chunn Jr., who received the degree of D.D.S. from the University of Washington.

Dr. Chunn also received the annual award presented to the outstanding graduating student in the department of children's dentistry.

BYRON C. HOPPERS SPEND WEEKEND AT LAGUNA HOME

Mr. and Mrs. Byron C. Hoppers, 537 W. Sierra Madre Blvd., and their son, David, spent the Fourth of July weekend at their Laguna Beach home.

The Local Ant Control Co.

Daughter, Family Summer Guests of Franklin Francos

Mr. and Mrs. Franklin A. Franco, 409 N. Mountain Trail, have as their guests for the summer months their son-in-law and daughter, Prof. and Mrs. Robert Caponigri and children, Vicki and Robin, of South Bend, Ind.

Mrs. Caponigri is the former Winifred Franco. Her husband is a member of the faculty of the University of Notre Dame. During his stay here he is conducting research in philosophy at the USC School of Philosophy and at the Huntington Library. He also will be engaged in correcting proofs of his new book, "History and Liberty," to be published this fall in London and in New York.

His earlier book, "Time and Idea," appeared in London last winter.

During the Caponigris' stay here they also plan to visit points of interest in Southern California, especially educational institutions and the remains of the Spanish missions. They expect to return to the university Sept. 15.

D. Dwight Davises Entertain Visitor From Aurora, Ill.

The D. Dwight Davises, 50 Rancho Rd., had as their guest recently Mrs. Morrill Fraley of Aurora, Ill., who came on here to attend the graduation June 17 of her daughter, Miss Kay Fraley, from the PCC lower division. Miss Fraley makes her home with her uncle and aunt, Mr. and Mrs. Davis.

The Davises came to Sierra Madre in January from Chicago where he is curator of anatomy at the Chicago Natural History museum but is on leave from the museum to serve for a short time as a professor in the geology department of Caltech. They are renting the H. E. Dewey residence on Ranch Rd.

During Mrs. Fraley's visit the family group took side trips to Juniper Hill, Catalina and elsewhere, since this was Mrs. Fraley's first trip to California.

Betty Kreuscher Has Island Holiday

Betty Kreuscher, daughter of Mr. and Mrs. P. W. Kreuscher, 34 W. Grandview, recently planned for Honolulu.

A Pamphile sorority sister, Celia Fielden of Eagle Rock, accompanied the Sierra Madrean on the holiday. The girls plan to return to the mainland Sept. 9.

John L. Fitzgerald Confined in Hospital

John L. Fitzgerald, 735 East Grandview, has been confined in St. Luke hospital for the past two weeks.

Mr. Fitzgerald was stricken in his office, 38 N. Baldwin, and was taken to the hospital. He is making progress in his recovery and is allowed visitors.

MITCHELLS VACATION NEAR CROWLEY LAKE

Mr. and Mrs. Philip T. Mitchell and daughters, Donna and Linda, 175 Monte Vista, vacationed recently at Hot Creek Ranch near Crowley lake, a spot which they liked very much because the ranch has its own trout stream.

Wimmer-Lord Rites Take Place June 26

Mr. and Mrs. Joseph Carl Wimmer, whose wedding took place at the Church of the Ascension June 26, are now making their home on Sturdevant Drive.

The bride is the former Rosemary Grace Lord, daughter of Mr. and Mrs. Otho Gilmore Lord of Pasadena.

The groom is the son of Mr. and Mrs. Joseph Wimmer of Pasadena.

The Rev. Harley Gibbs Smith, Jr., read the marriage service in the white stock and gladioli decorated church. A reception in the parish hall immediately followed the service.

George Black Feted At Pot-Luck Supper

The parents of members of Boy Scout Troop 3 recently met in the home of Mr. and Mrs. Charles H. James, 110 Rancho Rd., for a pot-luck dinner and swimming party honoring George Black who is retiring as Scoutmaster after five years of service.

Arrangements for the party were under the guidance of Mrs. Mel Stine, Mrs. Walter Wilson and Mrs. Nathan Jacobs.

Among those in attendance were Mr. and Mrs. Hans Guerber, Mr. and Mrs. Douglas Berkshire, Mr. and Mrs. Lewis McClelland, Mrs. Irma O. Jucksch, Mrs. Peggy Burgess, Mrs. Bette Burr, Mrs. Margaret V. Ascher, Mrs. Pierre Touchon, Mrs. George Osborn, Thomas Miller and Joseph Sancer.

George Mackanic, Jr., UCLA Graduate

George Mackanic, Jr., son of Mr. and Mrs. George Mackanic, 106 E. Alegria, received his bachelor of science degree in public health at the University of California at Los Angeles last month.

Mr. Mackanic also was commissioned a second lieutenant in the U.S. Army Medical Service Corp and will leave for Fort Sam Houston, San Antonio, Tex., in September.

MRS. JOSEPH CARL WIMMER, the former Rosemary Grace Lord and daughter of Mr. and Mrs. Otho Gilmore Lord of Pasadena, was married June 26 in the Church of the Ascension. The groom is the son of Mr. and Mrs. Joseph Wimmer of Pasadena. The newly married couple will make their home on Sturdevant Drive.

Joe Hinojos Photo

Mootes Vacationing At Pinewood, Their Ranch In San Jacinto Mountains

Mr. and Mrs. F. D. R. Moote, 689 W. Sierra Madre Blvd., left recently to spend their customary several mid-summer weeks at their summer ranch, Pinewood, in the San Jacinto mountains.

They are hosts at a family gathering there for the July Fourth weekend.

Men who master situations master themselves first.

Patricia Padgham Visits in East

Patricia Padgham, daughter of Mr. and Mrs. Leland P. Marsh, 657 W. Grandview, is visiting her sister, Mrs. James Morrison, at Lincoln, Neb.

Miss Padgham plans to spend six months in the east and before returning to Sierra Madre she will visit friends in Grinnell, Ia., and her brother in Lander, Wyo.

The Sierra Madrean graduated from the upper division of John Muir college as a dental assistant last month.

GARDEN NOTEBOOK

SOIL CONDITIONERS

Soil conditioners have two essential functions. One is to improve structure of the soil, and the other is to counteract

nutrient deficiencies within the soil. Viewing the reverse side of the coin, soil itself has two main functions in regard to plant life. First—the storing of available water; and, second, it is a source of supply for nutrient materials needed by plants.

Nothing 'Sure Fire'

While there is no sure-fire way of making "poor soil" into "good soil," the use of conditioners on hard clay type soils and proper fertilizers on nutrient deficient soils can greatly improve workability and physical properties.

Nurseryman state that there are now chemical soil conditioners on the market that will definitely aid in changing clay-type soil structure into loose, porous soil that will have good penetration, moisture holding capacity, and permit air to reach down into the ground so that oxygen, nitrogen and other plant food elements can stimulate plant growth. Frequently good yields of flowers and vegetables can be obtained from soils previously considered useless, by judicious use of such preparations—followed by applications of fertilizer.

Experience a Guide

The home gardener should be guided by his own experience, coupled with the professional knowledge of his nurseryman in the choice of a fertilizer. Many preparations are on the market in granular and other forms that will furnish nitrogen—frequently deficient in California soils—phosphorus and potassium in one application. While these are under various trade names, their content will be indicated on the package in numerals. For example, "11-8-4." The first figure gives the percent of nitrogen. The second, phosphorus content—expressed as a percent of phosphoric acid, and the third indicates potassium—expressed as percent of potash.

In general, manure is an excellent fertilizer for gardens, because it improves friability of the soil and supplies plant nutrients as well. The greatest value is obtained after only short-time storage. The best way to apply manure is to spade it well into the soil prior to making the seed bed. The more concentrated manures are particularly valuable as side dressings. As a rule, it must be kept from direct contact with plant roots to avoid burning them.

PARKING POINTER

Get close but not too close to the curb in parking, advises the NAC. Six inches left to swing the front wheels helps a lot in leaving a tight space.

Couple's Combined Age Must be Under Eighty to Join New Methodist Group!

Mr. and Mrs. Ove Jensen, 3660 Shadow Grove Rd., Pasadena were hosts at their home for the first meeting of the young Methodist married group of the Church of Our Redeemer on June 14. Those present were: Mr. and Mrs. William Heller, Mr. and Mrs. George Swanson, Mr. and Mrs. John McBride, Mr. and Mrs. Robert Fletcher, Dr. and Mrs. Robert Hinshaw and Mr. and Mrs. Jerry Wilson.

The one unique qualification for membership is that the combined age of husband and wife should be less than 80.

During a short business meeting future plans were discussed and the following officers were installed for the coming year: President, Mr. and Mrs. Jerry Wilson, vice-president and program chairman, Mr. and Mrs.

News of the Churches

Evangelist to Speak Sunday At Bethany

Capacity Crowd at Bible School Exercises

Rev. Paul Thoreen, regional director of the National Association of Evangelicals, will be the guest preacher at Bethany Church at 7:30 Sunday night. Dr. Robert Schaper, pastor, will be speaking Sunday morning.

Rev. Mr. Thoreen has had a wide preaching ministry as both a pastor and evangelist. He will be explaining some of the work of the National Association of Evangelicals, an organization which at present speaks for around 15,000,000 Protestants in America.

Dr. Schaper will leave Sunday night to be the speaker at a conference of high school young people conducted at Mt. Hermon Conference Grounds near Santa Cruz, Calif. There will be about 300 young people in attendance for the week, most of them from around the Bay area. This is Dr. Schaper's first appearance on this conference program.

Mrs. Marie Franzen, superintendent of Bethany's Vacation Bible School, reports that a record attendance for the two-week school was set this year. There was an average attendance of 320 each day and the closing exercises held on Thursday, July 1, brought so many parents and friends that the church was unable to hold the crowd.

In addition to the songs and scripture memorization there was an interesting display of crafts completed by the boys and girls during the school sessions. Films were shown of the Bible School parade and of many of the children in attendance at the vacation school.

Shrine Club's Annual Breakfast Planned for Sunday in Altadena

The Pasadena Shrine Club's crack Drum Corps will be hosts and will entertain at the Shrine Club's annual family breakfast scheduled for 8 a.m. to 12 noon on Sunday, July 11, at Farnsworth Park, 568 E. Mount Curve (corner of Lake) in Altadena.

Non-members, Shriner and their families are invited. Games and entertainment will be provided for the children.

Sermonette

"WHAT SHALL I DO?"
By Raynor Smith
Minister, Church of Our Redeemer, Methodist

Life's most important decision is our decision concerning Jesus. The pattern of our lives hinges upon our decision. The quality of our character depends on the decision we make. Our eternal destiny depends on how we decide concerning Jesus. Like it or not, this inescapable question demands a personal answer: "What shall I do—with Jesus?"

Look what others have done with Jesus! The people of His day rejected Him. At first they drew back and then they cried, "Crucify Him." Caiaphas hated Him. He made every effort to destroy Jesus. Herod tried to explain, "I am innocent," but his efforts at evasion offered no escape from his condemnation of Jesus.

Before we criticize foolish folks for what they did, ask yourself what you did with Jesus yesterday. Did YOU ignore Him? Many do. They talk of everything except Jesus. They pay attention to everything except Jesus. All too many are modern pagans who live their daily lives without any consideration for Jesus. Or maybe you just neglected Jesus. Friendship, to be kept effective, must be cultivated. One cannot give Jesus only the scrap ends of their time and keep their acquaintance with Him vital. Neglect is always the enemy of effective living. Perhaps your response to Jesus was to postpone Him. You may have said, with St. Augustine in his early years, "Not yet! Not yet!" Procrastination is all too common and all too sorry a treatment of Jesus.

But that was yesterday! What will you do with Jesus today? Will you "stand up for Jesus?" Will you "stand in His strength alone?" He alone is able to enable you to face trouble triumphantly. Will you "lift high His royal banner?" His standard is the only guide to victorious living. But even more than this, will you "crown Him the Lord of life?" Will you make Him the Lord of all your desires, hopes, dreams? Will you let Him become the Lord of all your thoughts, words, deeds? Just as you are, "though tossed about with many a conflict, many a doubt," come to Jesus now and find salvation, peace and love.

Layman, Gideons Will Conduct Services Sunday at Redeemer

In the absence of the Rev. Raynor Smith, minister, who is vacationing, William Heller will conduct the morning worship service Sunday, July 11, at Church of Our Redeemer, Methodist.

A representative of The Gideons will be the speaker.

Nature Hike Set Sunday for Cong. Children

The Sierra Madre Congregational Church School group will meet at 9:30 a.m., Sunday, July 11, in Sierra Madre Villa park for a nature hike, according to Mrs. Edward Verreux, Church school program director.

A. V. Brown, who is in charge of the new county park, will conduct the tour and promises an interesting talk for the boys and girls.

Those children who do not have transportation are instructed to check in at the church before 9:15 Sunday morning and rides will be provided from that point.

Christian Scientists Hold Communion

The transforming power of true communion with the one God will keynote the services in all Churches of Christ, Scientist, on Sunday. The lesson-sermon is "Sacrament."

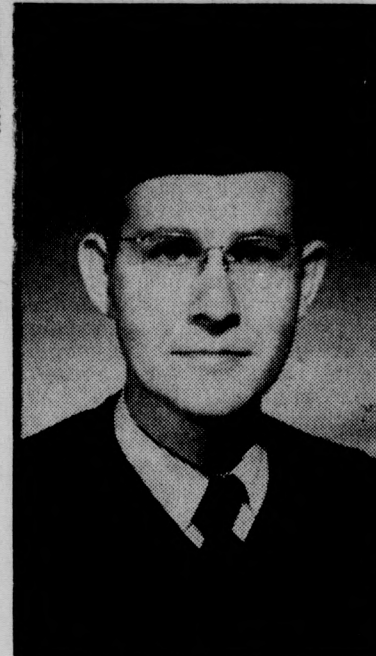

The Acts (3:11-13, 16) record that when Peter and John healed the lame man "all the people ran together unto them in the porch that is called Solomon's, greatly wondering. And when Peter saw it, he answered unto the people, Ye men of Israel, why marvel ye at this? . . . the God of our fathers hath glorified his Son Jesus; . . . And his name through faith in his name hath made this man strong, whom ye see and know."

In "Science and Health with Key to the Scriptures," Mary Baker Eddy writes, "Through all the disciples experienced, they became more spiritual and understood better what the Master had taught. His resurrection was also their resurrection. It helped them to raise themselves and others from spiritual dullness and blind belief in God into the perception of infinite possibilities." "May the Christians of today take up the more practical import of that career!" (pp. 34, 37).

The golden text from John (6:33) affirms: "The bread of God is he which cometh down from heaven, and giveth life unto the world."

City Gets \$31,712 'In Lieu' Taxes Collected by State

The Sierra Madre City treasury was augmented to the extent of \$31,712.60, State Controller Robert C. Kirkwood announced this week on completion of the distribution of the motor vehicle license fee revenue collected by the State.

The total of \$67,044,696 going to California cities and counties represented for the most part collections made by the State during the 1954 license renewal period. That portion of the tax allocated to cities and counties is popularly known as the "in lieu" tax collected by the State in lieu of payment of personal taxes on motor vehicles to cities and counties.

California cities received a total of \$33,522,348. A like amount went to the counties, with Los Angeles County receiving \$13,146,737.

The funds are distributed on a per capita basis (Sierra Madre population figure of 7,769 used), with the rate for cities slightly over \$4.08 and that for counties slightly over \$3.16 per person.

Kirkwood said the appropriation reflects an increase of \$7,236,019 or 12 percent over the distribution of June, 1953.

Santa Anita YMCA Announces Plans for Girls' Summer Camp

The Santa Anita District YMCA in conjunction with Whittier YMCA will sponsor camp for girls at Arbolado in the San Bernardino mountains this summer. Girls in junior high or senior high school may attend.

Campers will live together in cabins with eight girls in each cabin. Recreational activities will include horseback riding, hiking, swim meets, camp outs and good food.

Junior high girls may attend camp from July 12 to July 21—10 days at a cost of \$34.50. Girls interested in registering for camp should call Mrs. Helen Gould at the Santa Anita District YMCA, phone EL 8-5155.

The YMCA is a Red Feather Agency of the Community Chest.

Last of Card Parties For Nursery School

The last of the bridge parties, sponsored by the Hastings Ranch Nursery school, for the season was held in the home of Mrs. Joseph Philipson, 1485 Old House Rd., with Mrs. Grant Brown, Mrs. Charles Cowen Jr., and Mrs. Caleb McCormick assisting as co-hostesses.

Those attending the affair were Mrs. Ray Withrow, Mrs. Norman P. White, Mrs. David Elmer, Mrs. Gardner T. Wilson, Mrs. R. C. Devinney, Jr., Mrs. Jake Oberlies, Mrs. Harley Cross, Mrs. Clyde R. Seitz, Mrs. Donovan Davis, Mrs. Lucian Gallagher, Mrs. John Senour and Mrs. Martin Hybertsen.

Also Mrs. Robert Farmer, Mrs. John Harris, Mrs. Edward Leiber, Mrs. Philip Clarke, Mrs. George Pastre, Mrs. K. J. Mon-sour, Mrs. Edsel Curry, Mrs. Robert McKnight, Mrs. William H. Hillard, Mrs. Lewis J. Ross, Mrs. George B. Holmes, Mrs. R. R. Chisler, Mrs. C. Glenn Donnelly, Mrs. Gordon K. Wright, Mrs. Donald Clark and Mrs. Christian Larson.

Blue Birds Have Swim Party to Close Year

Celebrating their first year of membership in the Camp Fire association, Eugene Field Blue Birds entering third grade in the fall enjoyed a swimming party the other afternoon at the home of the Hugh Cressmans, 3555 Landfair.

Mothers in attendance were Mmes. Drapen Jennings, Norman Shanks, John McGraw, Peter Hurlig and Bob Buttane. Girls were Jeannie Jennings, Diane Hitchcock, Ann Lubisch, Karen Buttane, Karen Sue Cummings, Robin Dake, Susan Hurlig, Lucille Perez, Laura Garner, Linda Collins, Rachelle Koonz, Peggy McGraw and Barbara Shanks.

SHANKS ATTEND BERKELEY CONFERENCE

Mr. and Mrs. Norman Shanks, 3640 Newhaven, were recent visitors in San Francisco and Berkeley where they attending a printing house conference and enjoyed sightseeing attractions in the northern cities.

The Shanks' children, Barbara and Roger, visited in Wat-sonville with an aunt while the convention was in progress.

Wendy Shiner Marks 4th Birthday at Party

Dendy, daughter of Mr. and Mrs. William K. Shiner, 1200 Tropical, recently celebrated her fourth birthday at an afternoon party.

Those arriving for the games and refreshments were Claudia Uebbing, Jackie Ze, Robyn Fainer, Joan Donald, Debbie Johnson, Caroline Brown, Gail Templar and the guest of honor's brothers, Chipper and Jimmy.

Ranchettes

Mr. and Mrs. Charles C. Ripley, 1265 Rexford, are the parents of a son, Matthew Dean, born May 20 at the San Gabriel Valley hospital and weighing 6 pounds, 15 ounces at birth. The paternal grandparents are Mr. and Mrs. Harold C. Ripley of Lansing, Mich. The maternal grandmother is Mrs. Edna A. Alton of Altadena. The Ripleys have three other children, Philip Carol 10, Christopher Carol, 8, and Charlotte Noel, 2½.

A daughter, Deborah Sue, weighing 7 pounds, 8 ounces, was born to Mr. and Mrs. Sol Bucksbaum, 1355 Leonard, June 15 at St. Luke hospital. The maternal grandparents are Mr. and Mrs. J. G. Levenson of Los Angeles. The paternal grandparents are Mr. and Mrs. M. Bucksbaum of Marshalltown, Ia.

A second child, Robin Ann, was born to Mr. and Mrs. Robert E. Victor, 1095 Coronet, June 17 at St. Luke hospital, weighing 8 pounds, 4 ounces at birth. The maternal grandparents are Mr. and Mrs. G. C. Reinkens of Oakland, Calif. The Victor's have a son, Mark, 16 months.

Mr. and Mrs. Russell E. Burkett, Jr., 1375 Rexford, are the parents of a daughter, Lora Eloise, born June 11 at Huntington Memorial hospital and weighing 7 pounds, 8½ ounces. The maternal grandmother is Mrs. Eloise Goodwin of Fullerton, Calif., who was on hand to keep the Burkett home running smoothly after the baby was born. The Burketts have a son, Rusty, age 22 months.

A second daughter, Kate Louise, was born to Mr. and Mrs. Elmer E. Swanson, 1320 Coronet, at Huntington Memorial hospital June 19, weighing 7 pounds, 15 ounces. The maternal grandmother is Mrs. Hilda Rook of Pasadena. The paternal grandmother is Mrs. E. E. Swanson, also of the Crown City. The Swanson's other daughter is Elizabeth, 3.

The Arthur F. Myers, 1285 Daveric, became the parents of a second daughter, Noel Elaine, June 18 at St. Luke hospital. The new arrival weighed 8 pounds, 2 ounces. The paternal grandparents are Mr. and Mrs. A. P. Myers of Pasadena. The Myers' other daughter is Cathlene, 5.

A 6-pound son, Steve, was born to Mr. and Mrs. Sidney H. Raiken, 1320 Medford, June 22 at St. Luke hospital. The paternal grandparents are Mr. and Mrs. S. Raiken of Pasadena. The Raikens have two daughters, Evelyn 6, and Nancy, 3.

Mr. and Mrs. Richard E. Bachtel, 1240 Valley View, are the parents of a son, John Macleod, born June 24 at St. Luke hospital, weighing 7 pounds, 8½ ounces. The maternal grandparents are Dr. and Mrs. J. Willis Macleod of Pasadena. The paternal grandparents are Mr. and Mrs. Earl A. Bachtel of Glendale. The Bachtels have a daughter, Margaret Ann, 2½.

HOW ABOUT A SWIM? Saturday, July 17 from 6 to 11 p.m. at Wagner's is the time and place of the Hastings Ranch Nursery School's second annual "Midsummer Cool-off," and here, discussing the event around the Ross Burke's pool are (left to right) Mrs. Jack Washburn, Mrs. Rex Thompson, Mrs. Burke and Mrs. Edwin Cowan; in the pool, Edsel Curry and Mrs. Joseph Cummins. Tickets for the benefit party are \$1.75, which includes swimming, supper, 3-point-two on tap and dancing, not to mention considerable gay conversation.

Farewell Party for Mr. and Mrs. F. T. Cary

Mr. and Mrs. Frank T. Cary, 1245 Coronet, were recently honored at a farewell party held in the home of Mr. and Mrs. Harold W. Leffingwell, Jr., 1245 Leonard.

Those arriving to enjoy the evening of bridge were Mr. and Mrs. Victor E. Caffee, Mr. and Mrs. C. Don Hays, Mr. and Mrs. Robert D. Meason and Mr. and Mrs. Charles R. Hardison, Jr.

The Carys and their children, Marshall, Bryan and Steven, will leave the Ranch to make their home in San Francisco the end of this month.

Delahooks Entertain Eastern Visitors

There's news from the Russell Delahooks, 1240 Hastings Ranch—visitors and word that son, Douglas, is doing himself proud with the Army in Korea.

The visitors are cute nieces from Erie, Pa., Roberta and Jacqueline Irwin, who will be visiting in the Ranch until the middle of July.

About Douglas, who has been in Korea since the first of April—he was graduated second in his class from the NCO academy and thereby earned a week's leave in Japan.

EPISCOPAL SUNDAY SCHOOL ORGANIZATION MEETING JULY 12

Ranch residents interested in organizing an Episcopal Sunday school to be sponsored by St. Mark's Episcopal church in Altadena but meeting in our area, are reminded of the meeting Monday, July 12, at 8 p.m. in the home of Mr. and Mrs. Richard N. Bacon, 1380 Valley View.

Brownie Notes

The first summer event for Brownie Troop 323 was an all-day outing recently to Crystal Cove where Carol Hybertsen entertained her Brownie friends at her grandparents' beach cottage.

The day also being a birthday celebration for Patty McWayne, Mrs. Daggett McWayne, co-leader of the troop, provided a picnic supper for those present, with a weiner roast.

Brownies enjoying the beach party were Robin Hardison, Anne Callender, Patty McWayne, Dianne Sullivan, Patsy Carley, Tinnie Barnes and Carol Langstaff.

Adults attending the affair were Mrs. Charles Hardison, co-leader, Mesdames Harry Langstaff, Martin Hybertsen and Rod Carley.

Also present were Wendy McWayne, Steven Langstaff, Eric Hybertsen and Carol Jean Carley.

Scott, Fred Cummins Celebrate Birthdays

It's birthday time for sure in the Joe Cummins household, with Scott reaching his fifth milestone and Fred attaining the ripe old age of three. Both had parties to celebrate.

Attending a backyard cowboy affair to help Scott celebrate were Wally David, Michael Sweet, Sherry Klett, Bert Steffens, Linda Curry, Mark Hyde and Carter Ray.

A hobo party in the park for lunch occupied the slightly younger set at Fred's celebration. Along for the fun were Susan David, Trudy Sanders, Gary Steffens, Steven Mikos, Karyl Ann Curry and Rob Lambert.

Stephen Smith To Study in Colorado

Stephen Smith, son of Mr. and Mrs. Ken Smith, 3835 Greenhill, flew to Denver, Colo., June 21 to spend his third summer in nearby Estes Park at the Rocky Ridge Music Center.

Limited to young people between 10 and 25 years of age, the young musicians get six weeks of camp life at 9000 feet in the mountains, combined with musical study for three hours each day. Stephen, an accomplished pianist, recently completed the seventh grade at Wilson Junior High school.

NEWCOMERS TO RANCH

Mr. and Mrs. Jack A. Lindstrom, 1205 Pine Bluff, and their children, Richard, 7, and Barbara, 9, have recently moved into their new home in the Riviera section of the Ranch.

McGraws Vacation in Crystal Cove

Mr. and Mrs. John McGraw, daughter, Peggy, and son, Jack, spent Fourth of July weekend at the Crystal Cove home of Mrs. McGraw's parents. They are planning long weekends at the Cove throughout July.

LITTLE LEAGUE SEASON TO OPEN IN FEW DAYS

Hastings Ranch Little League, involving some 125 youthful baseball players of the Ranch, has been practicing diligently for the opening of the season in a few days. Game schedules will be announced later.

TRINITY MEN'S CLUB HEARS ALASKA TALK

Everett J. Sommonds was guest speaker at the June 30 Men's club dinner of Trinity Presbyterian church. He spoke on "Alaska Tours" and showed color films. This was the last Men's club meeting until September.

Dan Janeves Have Chicago Visitors

Recent visitors in the Ranch were Mr. and Mrs. Howard C. Brown, Chicago, who were visiting their cousins, Mr. and Mrs. Dan Janeves, 3635 Shadow Grove. The Browns are on a tour which includes visits to Lake Louise, Mexico, Yosemite and other points of interest through the West.

Mrs. Janeves herself only recently returned from Illinois, where she attended the Industrial Health Conference in Chicago and visited relatives in Bloomington.

FRANK O. FELLOVANYI HOME FROM NEW YORK CITY

Mr. and Mrs. Frank Fellovanyi, 1180 Tropical, recently returned from a two-week holiday in New York City. The Ranch residents traveled by plane so they would have as long as possible to enjoy the eastern city.

CAROL RONDEAU EMBARKS FOR ENGLAND, SCOTLAND

Mrs. Carol Rondeau, 59 W. Carter, enplaned recently for New York City where she made a short visit before boarding the H.M.S. Queen Mary for a holiday in England and Scotland. The Sierra Madrean expects to return to the States the first part of September.

SIERRA MADRE NEWS Thursday, July 8, 1954

GROUND OBSERVER CORPS SEEKS MORE VOLUNTEERS HERE

"This is your post, too, Sierra Madre!" begins a memo from Supervisor A. Walrath of the Monrovia Ground Observer corps.

"How about a few more representatives from your town?" he asks.

Walrath stresses the need for many more volunteers to operate on a 24-hour schedule as the Air Force is urging all posts to do. But it can't be done without more help, the supervisor points out.

Radar does not cover certain localities, therefore the need for human eyes. The work is not hard and only three hours per week is required. Perhaps you have a friend who would like to serve a shift with you; a wonderful chance for Dad and Junior to have that much-needed time together that just doesn't seem to materialize at home, the writer suggests.

For further information call Walrath at ELliott 8-1506 or the Chief Observer at ELliott 9-5138 or ELliott 8-6246.

Maladjusted headlight beams are a major cause of night blindness and consequent night accidents, warns the National Automobile Club.

COUNTY BUDGETS \$120,000 FOR PROJECTS HERE

A total of more than \$120,000 will be spent for capital projects in the immediate Sierra Madre area by Los Angeles County during the new fiscal year of 1954-55, County Supervisor Herbert C. Legg indicated today.

The breakdown of the budget items calling for total county-wide expenditures of \$319,026,

805, includes the following projects here, all of a flood control nature:

Acquisition of rights of way for Auburn Canyon Debris Basin and Channel, \$85,000; acquisition of rights of way, for Carter Canyon Debris Basin and Channel, \$20,000; acquisition of right of way, Sierra Madre Wash, \$500; and, construction of addition to testing laboratory building (in Eaton Wash yard), \$5175.

The 1953-54 budget provides for property acquisitions in Bailey Canyon where the Debris Basin will be enlarged this summer, as reported by a Flood Control District spokesman.

Summer Term Opens at Monrovia-Duarte High

The summer term of the Monrovia-Duarte evening high school began recently and will continue through July 30.

Classes in ceramics, china painting, copper tooling, costume design and advanced sewing, dressmaking, leather carving, orchestra, rug making, tailoring and costume design, textile painting, upholstery, and wood fiber flowers, will be presented.

Further information may be had by telephoning EL. 8-2551, extension 16.

Buddy Green Player On Champ Pony League Team in Pasadena

Buddy Green, young son of Mr. and Mrs. Max Green, 334 Grove, is a member of the Dukes team of the Rose Bowl Pony League which is ranking first half champion team at the present time. Also a member of the Dukes is Ed MacKenzie of Hastings Ranch whose father, Ed MacKenzie, is coach of the team.

A number of other Sierra Madre and Hastings Ranch boys are members of other Rose Bowl Pony League teams.

MEMBERS OF THE SIERRA MADRE Friendship Club played host to well over 125 senior citizens of the Pasadena-San Gabriel Valley area at their recent annual picnic held at the City Park. Rodney Ellsworth, instructor of the Senior Citizens Class at the Pasadena City College, samples a salad prepared by Mrs. Etta Leguin, outgoing president of the Sierra Madre Club. Others pictured, left to right, Mrs. Ashley Hewitt of Pasadena, president of the Senior Citizens Council of the San Gabriel Valley; Dr. Fred Grimes, representative from the Alhambra Harmony Club; and Mrs. Alice Sedgman, newly elected president of the Sierra Madre Friendship Club.

Forest Fire Season Here; Post Closures

With the advent of the forest fire season, annual summer closures on Angeles National Forest, virtually the same as last year, became effective July 8, according to Rupert Pole of the Sierra Madre Ranger Station.

Available at all ranger stations and at the supervisor's office in the Federal building, Los Angeles, are maps showing the areas which are closed now and will remain off-bounds until the danger is reduced by rains next fall.

Closed areas in the principal canyons affected, San Antonio, Big and Little Dalton, San Gabriel, Big and Little Santa Anita, Eaton, Arroyo Seco and Lopez, are being posted with signs. Violators of the postings will be prosecuted.

As in previous years, according to Pole, the Little Santa Anita Canyon trail to Mt. Wilson and the trail from the end of Sturtevant Dr. to the Chantry Flats road are included in the closed areas. All the trails to Mt. Wilson in the Big Santa Anita canyon area at the end of Santa Anita Ave. will be open, however, and the Chantry Flats road should be open to auto travel by the end of July when repairs are completed. Detailed information can be obtained at the Sierra Madre Ranger Station, 2219 Santa Anita Ave., CUSTER 5-3389.

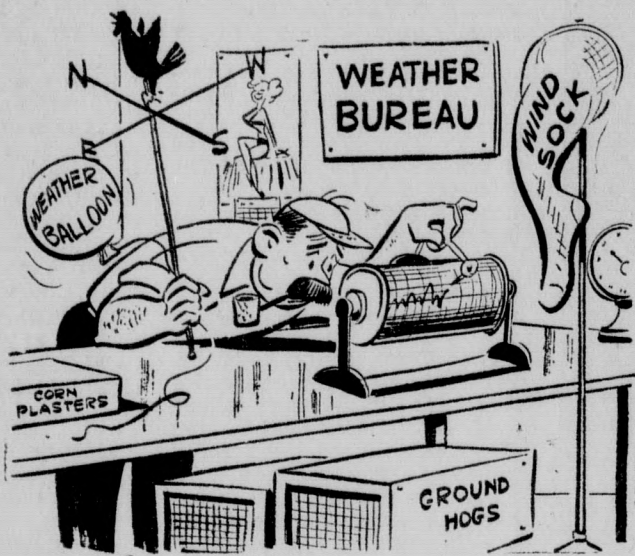

Robert L. Wildey Muir Valedictorian

Robert L. Wildey, son of Mr. and Mrs. Charles D. Wildey, 614 Fairview, was valedictorian for his class at John Muir college at the graduation ceremonies recently held at the Rose Bowl.

Mr. Wildey is an astronomy major and compiled a cumulative grade point ratio of 2.98, just .02 of a point short of the perfect 3.0. He will continue his astronomy studies at the California Institute of Technology.

While at Muir he was one of 26 administration honor students, a life member of Alpha Gamma Sigma, honor society, and a holder of a Muir Patrons' association scholarship.

Mr. Wildey's extra-curricular activities at John Muir college included the Radio club, of which he was president. He plays the trumpet and is interested in both popular and classical music.

IT'S GOING TO BE HOT

YOU DON'T HAVE TO BE A WEATHERMAN TO KNOW THAT. Here's what you can do about the hot weather. Insulate your home with our top-quality insulation materials... Johns-Manville Rockwool Batts or our easy-to-pour ZONOLITE Insulation. You'll be delighted with the way our insulation will keep your home up to 15 degrees cooler than the outside temperature.

REVIEWER FINDS STRANGE DOINGS AT PLAYHOUSE

By E. N. VOORHEES

"Mrs. McThing," current comedy at the Pasadena Playhouse, beckons its audience into "the far blue yonder" of practical witchcraft in modern setting.

Mary Chase, author of the "rabbit" play "Harvey," here presents the menage of Mrs. Larue III, a self-centered widow of fabulous wealth, and her mother-smothered but rebellious 12-year-old son. Their high-walled estate is overlooked by the hill-top cottage of Mrs. McThing and her small daughter Mimi, whom Mrs. Larue considers social nobodies. The boy's custom-made and "personalized" playthings have been disappearing mysteriously, and not even the staff of 20 or so servants, including pistol-toting guards, can discover who or what is making a way with them. Everybody feels harried, helpless, and finally hexed.

Suddenly the Boy, who has been a non-cooperating problem, begins to be a model in deportment, attentive to his mother—and too good to be true. Mrs. Larue has once recently snubbed Mimi for coming to play with the Boy, and the servants begin to sense witchcraft from the hilltop. From then on the ancient game of changelings is played to the hilt in the fast moving plot—there are two of Boy and two of Mrs. Larue, with little Mimi as the innocent but effective go-between. Mrs. Larue, self-confessed member of ten child-welfare societies, learns at last to think of children other than her One.

Able teamwork characterizes the whole group of actors. "Mrs. McThing" will carry on until July 11, evenings except Monday, with matinee on Saturdays.

Sierra Madrean Receives Award

Samuel Lockwood Bradshaw, son of Mr. and Mrs. Samuel L. Bradshaw, 205 N. Hermosa, was awarded a scholarship to the University of Southern California in recognition of outstanding scholarship achievement and student leadership.

Mr. Bradshaw is a music major and graduated this month from John Muir College. He started his music studies when he was a third grade pupil at the Sierra Madre Elementary school.

Dr. Fred D. Fagg Jr., president of the USC, has announced that Mr. Bradshaw will be one of the six Muir students who will receive "Honors at Entrance," a distinction reserved for students who have demonstrated superiority in their pre-university education.

FOR 65 YEARS...

**The Most Profitable - Safe Place
for Your Savings Account**

Home has become America's largest savings and loan association because Home is the best place to save. For 65 years Home has been the SAFEST, the MOST PROFITABLE and the MOST CONVENIENT place for the family's savings account.

The confidence and satisfaction of more than 80,000 savers put Home Savings on top... made Home the "Champion."

Move your savings account to Home. Enjoy all these advantages that only the Largest in America offers you:

1. Higher return consistently... no higher return currently available in Southern California on insured savings accounts.
2. Insured safety for each account to \$10,000.
3. Convenience. 10 beautiful offices to serve you.
4. Earnings paid 4 times yearly on certificates.
5. Passbook accounts for any amount... earnings automatically compounded.
6. Never a service charge... no withdrawal "red tape."
7. Your investment always at par value plus a generous return.
8. Earnings declared in advance... you can be SURE!
9. Convenient free parking at all offices.
10. Safe, swift save-by-mail plan... we pay postage.
11. Sound management, lowest operating costs, more saver benefits.
12. Modern facilities... with old-fashioned friendly service.
13. Peace of Mind since 1889... 65 years of safety.
14. Funds transferred for you from any other locality.
15. One of America's safest and strongest savings institutions.

Accounts opened by July 10th earn from July 1st

The Answers to Everyday Insurance Problems*
By HARRY A. LANGE

QUESTION: If I have to break my car window to get my keys which I forgot and left inside is the damage covered by my Comprehensive insurance?

ANSWER: No, because your insurance policy states the damage must be accidental except in the case of vandalism.

Pool Owners: Here's Chance to Learn Resuscitation

The Sierra Madre chapter, American Red Cross, has announced that a course of two evening classes in the new Red Cross-approved method of resuscitation will be held from 7:30 to 9:30 p.m. July 14 and 20 in the City Hall Council room.

Instructor will be Mrs. Audrey B. Smith. No registration show up for the first class next week, according to Florence Peterson, Red Cross executive secretary.

The course is particularly suggested for swimming pool owners and for others whose first aid courses in recent years did not teach the new method of applying artificial respiration.

THE CAT

Clarice—Do you know, I think your cousin George dresses nattily.
Bernice—Natalie who?

Shadows on the Wall

A perfectly plain, flat surface doesn't have much appeal to the eye, particularly in the exterior wall of your home. In fact it's apt to look rather monotonous.

The use of Redwood siding makes the sunlight create a series of horizontal shadow lines—an important feature in architectural beauty.

You can make those shadow lines light or heavy, according to the thickness of the lapped board, or the depth of the channel milled out of the board.

Whatever suits your taste, we can furnish it to your satisfaction from our immense stock of Redwood.

Let us serve you.

Funeral Today In L.A. for Leora H. Clark

Funeral services will be held at 1 o'clock this afternoon in the Utter-McKinley Mortuary chapel, 444 S. Vermont, Los Angeles, for Mrs. Leora H. Clark of Los Angeles, mother of Dr. George W. Groth Jr. and Mrs. Tillquist, both of Sierra Madre. Mrs. Clark died Saturday in Sierra Madre hospital after a brief illness.

A former Sierra Madre resident until 15 years ago, Mrs. Clark had been residing at 1822 Crenshaw Blvd., Los Angeles.

Interment will be in Valhalla cemetery, Burbank.

Surviving Mrs. Clark, in addition to the junior Dr. Groth and Mrs. Tillquist, are three other daughters, Mrs. Robert Johnson of El Monte, Mrs. Jack Ryan of Alhambra and Mrs. Albert Roach of Wallace, Ida.; and two sons, George Hearne of Lafayette, Calif., and Allen Hearne of Richmond, Calif.

Allstate Announces Plans for Building Near Consolidated

Tentative plans for construction next fall of a \$1,000,000 office building on Sierra Madre Villa Ave. just north of Consolidated Engineering company, were announced recently by E. A. Frederick, Pacific Coast zone vice-president of the Allstate Insurance company, a subsidiary of Sears, Roebuck and company.

The company has filed application in Pasadena for the necessary zone variance, according to Frederick.

The proposed one-story, California modern ranch style building has been designed by Architect Stiles Clements of Los Angeles. Plans call for construction of brick and stone, a patio and elaborate landscaping.

The 75,000 square foot building, housing executive and record-keeping offices of the Los Angeles branch of the Allstate Insurance company, would occupy an eight-acre tract approximately 200 feet south of E. Orange Grove Ave., with a 624-foot frontage.

Initial employment of 300 persons is expected. Parking will be provided for 300 automobiles. Ground-breaking is tentatively scheduled for September and occupancy in the summer of 1955.

DRIVE CAREFULLY—it might be your own life you save over this coming weekend.

I knew an absent-minded fellow who kissed the door and slammed his wife.

Timely Tips

It's a wise homemaker who knows the tricks of her trade. Here are a few to add to your collection and help make your chores easier for you.

Separating egg whites from yolks can be done in a jiffy. Just break the egg in a small funnel. The whites will go through... the yolks won't.

Before scalding milk, wipe the bottom and sides of the pan with butter. The milk won't scorch and the pan will be easier to clean.

A folded damp cloth placed under a mixing bowl keeps it from slipping and speeds mixing.

To soften butter quickly, heat an earthenware bowl by filling it with boiling water, then empty it and place it upside down over the butter.

To banish that horrid onion aroma from your hands, rub them with vinegar.

DAILY ATTENDANCE AVERAGING 65 AT PARK FUN PROGRAM

The City Recreation department's summer activities and crafts program for school-age children got underway last week in City park with a daily attendance average of about 65, according to Philip T. Mitchell, recreation director.

The supervised, informal program which children may join at any time, will be in progress each weekday morning and afternoon during the summer months. Craft instruction by Mrs. Naomi Sawyer and her assistants takes up the morning hours between 10 a.m. and 12 noon. Children then go home to lunch or have their own sandwiches picnic fashion in the park, supervision continuing through the lunch period.

From 12:30 to 3 p.m. there is directed recreation, including group games, stories and sports. Tuesday and Thursday afternoons the children are taken by bus to Wagner's pool in Pasadena for swimming. Miss Joyce Thompson and Cliff Moffet help supervise the Sierra Madre children along with the pools' regular lifeguards. Non-swimmers are asked to wear red caps so they may have extra attention.

rites Held Here For Sister Of Mrs. Robt. Nieman

Funeral services were conducted Saturday afternoon, July 3, in Ripple Mortuary chapel for Miss Bertha L. Bowen of Carmel who had been residing here with her sister, Mrs. Robert Nieman, 327 W. Montecito, for the past four years.

Miss Bowen died July 1 in Pasadena just a few hours after word had been received here of the death the evening of June 30 of another sister, Mrs. W. C. Wodley, in Evanston, Ill. Dr. Robert N. Schaper of Bethany church conducted the service for Miss Bowen. Interment was in Pasadena Mausoleum.

A former supervisor of art in the Findlay, Ohio, public schools, Miss Bowen later taught art for many years in the Murray F. Tuley High school, Chicago. After her retirement she made her home in Carmel where she interested herself in art and travel. She became an invalid four years ago.

In addition to her sister here, she is survived by several nieces and nephews.

The recreation program is open to all school-age children, preferably second grade and over. Parents and visitors are welcome at any time. Mrs. Sawyer says. The supervisory staff, in addition to Mitchell, Mrs. Sawyer, Miss Thompson and Moffet, includes Marvin Hoover, Miss Jean McKesson and Miss Bonnie Benedict.

THE HORRID THING

Mrs. Junebride—How do you like this cake I made? It's cake.

Her Husband—Hm! You're wrong with your weights! I thought it was at least ten-pound cake.

FIRE DEPARTMENT CALLED TO N. MOUNTAIN TRAIL

The fire department was called to the home of Mrs. Mary Brogger, 160 N. Mountain Trail at 6:30 a.m., Wednesday, where a brush fire caused by a spark from an incinerator was quickly extinguished. The fire caused some damage to a neighbor's garage.

EXCEEDING SPEED LIMIT

Forty per cent of the people injured and 46.4 per cent of those killed in traffic accidents in the United States during 1953 were exceeding the speed limit when the accident occurred, points out the National Automobile Club.

MRS. GEORGE HANNAFORD RETURNS FROM VISIT

Mrs. George G. Hannaford, 138 W. Montecito, recently returned from a three-week visit with her son-in-law and daughter, Mr. and Mrs. Richard H. Owen, in their Wichita, Kans., home.

Mrs. Hannaford's grandson, Mark H. Owen, accompanied her home and will spend the summer with his grandparents.

STRANGE FEET

Miss A—It's a pity how snobbish that Barnes girl has become since she was accepted at the ballet.

Mr. S.—Yes, it seems as though her dainty feet have gone to her head.

COUTANTS PREFER VACATION VARIETY

Variety is the vacation theme for Mr. and Mrs. Stanley Coutant and son, Stanley O. Coutant, 666 E. Sierra Madre Blvd., who, during the first week of Mr. Coutant's summer holiday made trips to the desert and Lucerne Valley, San Clemente State Park, Cardiff-by-the-Sea and the County Fair at Del Mar. They also found time for some surf fishing.

SPEND HOLIDAY WEEKEND AT ENCHANTED VALLEY

The Fourth of July weekend was spent at Enchanted Valley, Crestline, by a Sierra Madre

party which included Mrs. Lola Rudbach, 272 E. Highland, her children, Jana and Jon, her mother, Mrs. Lucy Whitcomb of Long Beach, and the Neil K. Yarnell's son, Jim. The group returned Tuesday as two of the young people are attending summer school classes.

RAYNOR SMITH FAMILY HAS MONTH HOLIDAY

Rev. Raynor Smith, pastor of the Church of Our Redeemer, Methodist, and Mrs. Smith will spend their vacation, with their children, Garrett, Glendon and Lurayne, visiting Zion and Bryce National parks as well as the Grand Canyon.
